India's Youngest Entrepreneurs
Most Influential Youth Marketing
Professional

Advait Thakur

Founder, Apex Infosys | IoT Enthusiast | Keynote Speaker | India's
Youngest Entrepreneurs '19

Mumbai Metropolitan Region

Summary

19 y/o Internet entrepreneur, building brands and voice with Apex Infosys India. Featured in The Startup and India Today's Young Entrepreneurs Of '19. Titled 'Most Influential Youth Marketing Professional Of 2019' by Global Youth Marketing Forum presented by Zoom (The Times Group).

I've always believed in creating a company with the best and brightest talent, equipping them with the best possible technologies, and giving them the opportunities to outdo themselves, over and over again. I am a compulsive (inasmuch as I haven't found anything else that I enjoy as much) tech entrepreneur. I founded Apex Business Solutions Digital Agency in 2015 out of curiosity to learn more about tech as well as to help NGOs gain exposure through the internet. As time went by I learned about numerous tech domains that I wasn't aware of before & started growing connections & subsequently, I founded Apex Infosys India in late 2018, and Crophle (A social-tech startup) in 2020.

During the last 5 years, I have worked with an amazing team of people and continue to do so in our quest to make a difference. Apex Infosys India, since its inception, has strived and come a long way in creating a unique identity for itself in the Age of the Internet & establishing itself as a leading IT company & provider of automation and networking systems for homes and businesses, offering a personalized and unified smart home system to automate and control connected devices including lighting, audio, video, climate control, intercom, and security. Our products, services, and partnerships deliver smarter home access ensuring energy greener, smarter, and cheaper.
